

YEAR 2001

DELAWARE 5TH GRADE STUDENT ASSENT AND SURVEY INSTRUCTIONS

We, at the University of Delaware are studying what students think about, know about, and do about violence, cigarettes, alcohol and drugs. To learn these things, we are asking 5th graders in all the Delaware schools these questions. This study includes parts of a much larger study asking other students across the country the same questions. We are doing this to find out what kinds of programs students need most and what kinds they don't need. THIS IS NOT A TEST. This is research, so there are no right or wrong answers. It is very important that you answer each question truthfully. The best answer you can give us is the one that is true for you.

DO NOT PUT YOUR NAME ON THIS BOOKLET. We want to be sure that everyone's answers are private. When you are done, all of the booklets will be put in a big box at the front of the room. Then we will mix them up, so no one will know which one was filled out by you. Your teacher will not know, your classmates will not know, and even you will not be able to find your own booklet. The answers will be important to us only when we know what all 5th graders in Delaware are thinking and doing about topics we are asking about in the questions. We will keep your responses secret because, if the study is to be helpful, it is important that you answer each question truthfully.

You don't have to answer any questions you don't want to. Anything you don't want to answer, just leave blank. There is no penalty if you choose not to fill out the questionnaire or any part of it.

Below you will see marking instructions. I will explain these to you. Unless the question says otherwise, mark only one answer for each question. When you are finished, turn your booklet over and you may work on something else. When everyone has finished, you will bring your booklet up and put it in the box so we can mix them up.

**REMEMBER, this isn't a test, so there are no right or wrong answers. We need TRUE ANSWERS. Work quickly, so you can finish. If you don't find an answer that fits exactly, choose the one that comes closest. If it's something you just don't understand, raise your hand for help. If it's something you just don't know, leave it blank and go on to the next question.

Thank you very much for your help and for being an important part of this study.
